

## HIGH PERFORMANCE BANDWIDTH WITH THE SAGEMCOM F@ST PLUG 500 PREMIUM

July 2012

**SAGEMCOM, LEADER ON THE BROADBAND MARKET, COMPLETES ITS PRODUCT PORTOFOLIO WITH A HIGH PERFORMANCE POWERLINE DEVICE: THE F@ST PLUG 500 PREMIUM.**

Sagemcom widens its product range with powerline communication plugs. Sporting a modest and elegant design and sold in a pair, the F@st Plug 500 Premium devices include an integrated socket so that they can be connected to the mains power and other equipment.

This high-end solution offers a theoretical throughput of 500 Mbps, has an Ethernet Gigabit port and is compatible with HomePlug AV 200 Mbps devices.

Very easy to install, the F@st Plug 500 Premium allows you to create a secure, rapid and efficient network at home, which manages efficiently traffic priority between data, audio and video.

The F@st Plug 500 Premium devices are the perfect solution, for instance to complete a Sagemcom set-top box and to transmit HD video in the room of your choice.

The F@st Plug 500 Premium is essential for all those wanting a high-performance domestic network!

**Availability:**

July 2012

**Recommended retail price** (distributors are free to apply their own price):

€109.99 including tax for the pair

**About Sagemcom**

French high-technology group with an international dimension, Sagemcom operates on markets of broadband (digital home, digital set-top box, broadband and residential terminals), telecom and energy (M2M, telecommunications infrastructure, smartgrid and metering), and management of documents (printing terminals, software and solutions, digital production workflow).

With a turnover of about 1.5 billion Euros, Sagemcom employs 4 600 people on five continents; already a European leader in most of its key markets, Sagemcom aims to become a world leader in high added value communicating terminals.

Sagemcom is strongly committed to sustainable development through the life cycle of its products: eco-design, energy consumption, ethical code of all its suppliers.
