

SAGEMCOM LAUNCHES A COMPLETE RANGE OF HD VOICE TERMINALS

January 2013

SAGEMCOM ANNOUNCES THE LAUNCH OF A NEW RANGE OF CAT-IQ 2.0 HD VOICE DECT PHONES.

Sagemcom introduces the D47, D57, and D68, 3 new CAT-iq 2.0 certified telephones, which will be on display at the DECT FORUM in Barcelona on 29 and 30 January 2013.

These models offer all of the advantages of wireless telephony with the service quality of the CAT-iq 2.0 standard: HD voice allowing excellent sound rendering thanks to specifically-chosen components (microphone, earpieces, etc.), directory sharing, etc.

As Ahmed Selmani, General Manager of Sagemcom Broadband SAS, says, *"these 3 new telephones fall perfectly in line with Sagemcom's connected house strategy. Indeed, these products can be directly interfaced via the DECT technology built into Sagemcom's Internet Boxes and as such offer CAT-iq functionality: HD voice, multi-line, simultaneous calls, etc."*

These 3 models perfectly satisfy the needs of users who want to take full advantage of the benefits of residential telephony with High Definition sound.

Availability: immediate

About Sagemcom

French high-technology group with an international dimension, Sagemcom operates on markets of broadband (digital home, digital set-top box, broadband and residential terminals), telecom and energy (telecommunications infrastructure, smartgrid and metering), and management of documents (printing terminals, software and solutions, digital production workflow).

With a turnover of about 1.3 billion Euros, Sagemcom employs 4 600 people on five continents; already a European leader in most of its key markets, Sagemcom aims to become a world leader in high added value communicating terminals.

Sagemcom is strongly committed to sustainable development through the life cycle of its products: eco-design, energy consumption, ethical code of all its suppliers.
