

SAGEMCOM LAUNCHES A PORTFOLIO OF GPON AND EPON GATEWAYS SUPPORTING THE INDUSTRY'S FASTEST GIGABIT SERVICES OVER FIBER

August 2014

SAGEMCOM EXTENDS ITS LEADERSHIP IN COMMUNICATION TERMINALS WITH A HIGH-VALUE ADD BY LAUNCHING A PORTFOLIO OF SOLUTIONS ENABLING INTERNET SERVICE PROVIDERS TO SUPPORT GREATER THAN 1GBPS SPEEDS TO THEIR SUBSCRIBERS.

Sagemcom presents its portfolio of PON Gateways supporting GPON, EPON and preparing for 10-Gig EPON. These new solutions provide Internet Service Providers a cost effective way to offer the most advanced Gigabit services including the support of advanced features such as IPTV, RF Video, best in class WiFi services with Wave 2 802.11ac, and voice-over-ip (VoIP).

Leveraging Sagemcom's middleware which is currently deployed worldwide, these PON gateways bring together the highest broadband speeds along with the fastest in home networking. This combination of high speed internet and high speed home networking all in one device ensures that subscribers truly experience the benefit of Gigabit services.

"Our customers are demanding integrated devices supporting greater than 1Gibabit speeds that can both satisfy their subscribers' bandwidth requirements and be easily managed in their eco-system. Leveraging a common software platform widely deployed and our experience integrating multiple technologies in a single cost effective product, I am pleased to announce the availability of this new portfolio." quoted Ahmed Selmani, Deputy CEO of Sagemcom Broadband.

Sagemcom models include:

Fast 5360 – Wireless Home Gateway with integrated SFP module

Fast 5655 – GPON Wireless Home Gateway with RF Overlay

Fast 5656 – EPON Wireless Gateway

About Sagemcom

A French high-tech group of international dimensions, Sagemcom operates on the broadband (digital home, set-top boxes, Internet routers, telephony and multimedia terminals), telecoms and energy (smartgrid and energy management) and retail.

With a revenue of around 1.3 billion euros, Sagemcom employs 4,600 people on five continents; currently a European leader on most of its key markets, Sagemcom aims to become a world leader in communicating terminals with high added value.
