

SAGEMCOM HAS RECEIVED ISO 27001 CERTIFICATION, 2013 EDITION, FOR ITS SMART METERS AND SET-TOP BOXES ACTIVITIES, AND ALL SUPPORT SERVICES.

24th June 2014

ISO 27001 CERTIFICATION, 2013 EDITION, IS THE FIRST INTERNATIONAL STANDARD FOR THE INFORMATION SECURITY MANAGEMENT SYSTEMS. SAGEMCOM WAS CERTIFIED FOR ITS R&D ACTIVITIES RELATED TO SMART METERS AND SET-TOP BOXES, INCLUDING ALL SUPPORT SERVICES.

The certification refers to a programme dedicated to information security, developed by Sagemcom for its R&D activities related to multi-energy smart meters and to set-top boxes, including support services.

Within the scope of this certification, Sagemcom (R&D and related services) has chosen to handle with information security from the design to the manufacturing of smart meters and set-top boxes.

As a demonstration of the Group's commitment to information security, Sagemcom received this certification for its comprehensive control process, managed by Bureau Veritas and based on the 2013 standard edition. Therefore, Sagemcom imposes as a major player in its sector by getting the latest ISO 27001 certification.

« This certification results from our commitment to information security and our determination to provide our customers with products ensuring a comprehensive management and processing of their sensitive data. It also shows our determination to improve constantly the management of information security, both in our products and in our information systems » concludes Patrick Sevia, President of Sagemcom.

About Sagemcom

Sagemcom is a French international group that operates on broadband (digital homes, decoders, box Internet, telephony and multimedia terminals), Telecom and energy (telecommunication infrastructures, smart meters, and energy management), and document management (printing terminals, software and solutions, dematerialisation) markets.

With a turnover of over 1.3 billion Euros, Sagemcom employs 4,600 people across the five continents and is European leader in most of its key markets. Sagemcom aims to become a world leader in high added value communicating terminals.

Sagemcom is strongly committed to sustainable development through its product life cycles: eco-design, energy consumption, and an ethical charter applicable to all its suppliers. For more information:
