

**SAGEMCOM SHOWCASES AT IBC ITS 4K UHD
SET-TOP BOXES, INCLUDING ANDROID TV
RECEIVERS TO BE COMMERCIALY LAUNCHED
BEFORE YEAR-END; AND ITS FIRST DOCSIS 3.1
RESIDENTIAL GATEWAY**

September 9th 2015

THE NEW RANGE OF 4K ULTRA HD SET-TOP BOXES OF SAGEMCOM WILL BE UNVEILED AT IBC, FROM CONNECTED RECEIVERS TO VERY ADVANCED HEADED VIDEO GATEWAYS, SUPPORTING LIVE TV, CATCH UP, START OVER AND OTT SERVICES IN 4K.

Sagemcom has designed a compact yet very powerful Ultra HD set-top box, with an embedded 3x3 Wi-Fi ac for an excellent wireless connection to the network. This next generation product is the vehicle for a 4K OTT solution.

The integration of Android Lollipop in these devices allows the company to offer a performing 4K UHD Android TV set-top box to its customers. Such a platform has been already selected by operators, and first commercial deployment is planned before year-end.

The first Sagemcom residential gateway Docsis 3.1 32x8 will also be showcased during IBC.

IBC 2015 – 11-15th September 2015 – join us booth 1D.41

About Sagemcom

A French high-tech group of international dimensions, Sagemcom operates on the broadband (digital home, set-top boxes, Internet routers, telephony and multimedia terminals), telecoms and energy (smartgrid and energy management) and retail.

With a revenue of around 1.3 billion euros, Sagemcom employs 4,600 people on five continents; currently a European leader on most of its key markets, Sagemcom aims to become a world leader in communicating terminals with high added value.
