

Benefits

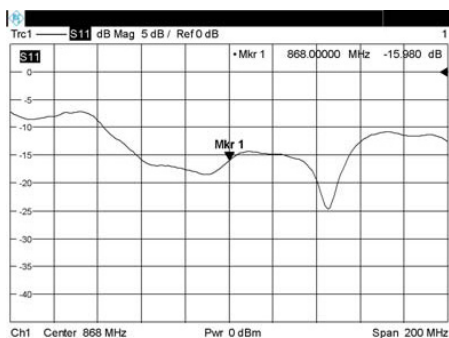

- Adhesive mount antenna
- Suitable for indoor installation
- Fast mounting
- Favourable transmission properties
- Easy cable laying
- Avoid metallic surfaces close to the antenna
- The RF cable is connected fixed to antenna
- FAKRA - Plug: protected against polarity reversal through colored and mechanic codings

Technical Data

Frequencies	868 MHz
SRD band	868 MHz
Polarization	vertical or horizontal
Gain	2 dBi typ.
VSWR	$\leq 1,5 : 0$
Return loss	≤ -15 dBi
Maximum power	10 W
Impedance	50 Ohm
Cable	RG 174 (outside diameter = 2,6mm; bending radius = 15mm)

Return Loss

Order Number	Cable	Connector
816669	1,5 m	FAKRA (f)-Code C, angle
