

CHANGE YOUR PASSWORD FOR THE PARTNERS SHAREPOINT APPLICATION

<p>1</p>	<p>On the login screen to your Partners SharePoint account, click on the link to change your password.</p>	
<p>2</p>	<p>You then access the login screen for the password change tool.</p> <p>Enter your current login credentials to your Partners SharePoint account. Check the box for acceptance of the access conditions.</p> <p>Then click on the "Log On" button.</p>	
	<p>If the following message is displayed, your password is expired. Please contact your usual Sagemcom representative.</p>	
<p>3</p>	<p>Enter your Gxxxxxx user login and the characters displayed in the picture on your own screen.</p> <p>Press the "OK" button to confirm.</p>	
<p>4</p>	<p>Click on the « Change my password » link to proceed.</p>	

5	<p>Enter the characters displayed in the image on the screen.</p> <p>Confirm with the "Next" button.</p>	
6	<p>Enter your current password and press the "Next" button.</p>	
7	<p>Enter your new password in accordance with the complexity policy described on the page.</p> <p>Confirm your new password by entering it again.</p> <p>Click on the "Next" button to validate your password change.</p>	
8	<p>A message confirms that your password has been successfully changed.</p> <p>Exit the password change application by clicking on the logout button.</p>	
9	<p>Don't forget to close your browser.</p>	
<p>Attention : if you haven't logged out of the password change application or closed your browser, you will have to wait 15 minutes before you can access your Partners SharePoint account.</p>
